

## Centrifugal fans EBB-N Series

### EBB-N

Domestic and commercial centrifugal fan, with an airflow up to 270 m<sup>3</sup>/h in free discharge, built-in back draft shutter, body and rotor made of polypropylene, 230V-50Hz 2-speed motor (EBB-100 N) or three speeds (EBB-170 N / EBB-250 N), IP44, Class II. Specially designed for installations where higher system resistance pressures are encountered, suitable to operate with air temperature up to 40°C.

### Attributes

#### Filters

Two metal filters (inox for models 170 and 250) that keep out dust and dirt in the exhaust.

#### Back draft shutter

The EBB-N are fitted with an automatic back draft shutter to prevent air entry and limit heat leakage when the extractor is not operating.

**Model EBB-100 N:**

2 Back draft shutter</strong>of Ø80 y Ø100 mm.

**Forward curved centrifugal impeller**

To deliver high performance with a minimum noise level against high static pressure system resistance.
