

Convactor heaters

TLS-501 / TLS-503 T

TLS-501 / TLS-503 T

Convactor heaters that produce heat in a natural and completely silent way.

Characteristics:

3 power positions and pilot lights.

Double safety thermal protection.

Anti-freeze device: connects the fan heater when the environmental temperature is lower than 5°C.

TLS-503 Turbo model includes a fan that allows forcing the output of hot air to the ambient through the front grille.

Attributes

Automatic adjustable thermostat and power selector

Pilot lights

Forced air output TLS-503T
