IN-LINE RECTANGULAR DUCT FANS

ILB / ILT Series

Serial DIRECT-AIR ILB/ILT

ILT/6-315 *230/400V 50* VE

Range of in-line rectangular duct fan manufactured from galvanised steel sheet and provided with an inspection cover that can be removed to access the motor/impeller assembly without having to remove the complete fan casing from the ducting. All model incorporate directdrive forward curved centrifugal impeller.

Motors
Available, depending upon the model, in 4, 6 or 8 poles.
Three phase motors are speed controllable by inverter
All motors are IP55, class F insulation, equipped with thermal protection.
All motors incorporate ball bearings greased for life.
Electrical supply:
-Single phase 230V-50Hz.
-Three phase 230/400V-50Hz.
(See characteristics chart).

All single and three phase motors are speed controlable by voltage. And all three phase motors are also suitable for inverter control.
